Experience a holiday  
in a hotel fully equipped  
for your dialysis treatments

# The hotel dialysis format

At Diaverum, we believe travelling for pleasure is an enriching experience, increasing well-being for our patients and their families alike, empowering you to live the fulfilling lives that you deserve.

That's why, in partnership with hotel Le Sirenè Gallipoli, together with your family and friends, you now have the opportunity to spend a wonderful relaxing vacation in a 3-star hotel in front of the beautiful Apulia Sea, fully equipped for your dialysis treatments.

At the previously agreed time, you just simply need to reach a dedicated room, where a specialised nurse will welcome you.

The room, perfectly equipped and sanitised, can host two dialysis patients, with comfortable armchairs, monitors and telemedicine tools.

You will be monitored, via video cameras, by one of our nephrologists from the Diaverum clinic in Copertino, located just 27 minutes from the hotel. Lecce Public Hospital (30 km), lead by Prof. G. Napoli and his nephrological team, will respond promptly, if needed.

With this new hotel dialysis format, you just have to book your holiday at hotel Le Sirenè and enjoy one of the most beautiful locations in Apulia, Gallipoli. An experience tailored for you, your family and friends.

# The Ecoresort Le Sirenè

The hotel Le Sirenè is situated in Gallipoli, in front the beautiful Apulia Sea. Brindisi Airport is only half an hour away.

The hotel complex is centred in the green of a luxuriant private pine plantation. Nestled among the myrtles, junipers, mastic trees and oleanders of the fragrant Mediterranean bush, it's just a stone's throw away the golden sandy beach and the kaleidoscopic blue sea of Gallipoli.

The rooms offer:

- private bathroom
- shower
- air conditioning with thermostatic control
- TV color reception via satellite
- direct – dialing phone
- safe deposit boxes
- balcony with a wonderful view on the bay of Torre del Pizzo.

Italian cuisine is famous all over the world; the restaurant offers typical local meals, all raw materials are km0, produced in the area, only for the hotel. The hotel complex offers a wide range of activities, including: canoeing, sailing, windsurfing and scuba diving courses, windsurf boards, as well as boating.

Diaverum Life-enhancing renal care

## Enabling patients to live fulfilling lives

For most kidney patients, being on dialysis requires frequent visits to a hospital or clinic, so they have access to certain equipment and, in most cases, skilled healthcare staff.

As medical care must be guaranteed, being away from home and the accustomed routine can be a challenge.

That's why we created d.HOLIDAY, Diaverum's holiday dialysis programme. A programme that allows patients to get access to dialysis care in another city or country – making it possible to visit family, go on holiday or travel for business.

Visit our d.HOLIDAY online platform to explore treatment options and book what you need:

With 469 Diaverum clinics in 24 countries around the world, renal care patients have plenty of locations to choose from, ensuring high quality and personalised dialysis care.
